Innovative Full HD LCD Projector for Cutting-Edge Projection Technology

Product Description:

T9 Projector – Full HD LCD Projector with 4K Smart Projector Features

The T9 Projector is a powerful and portable device that offers high-quality image projection with a native resolution of 1080*1920, up to 15000 lumens of brightness, and a 4K Smart Projector feature. It is equipped with a wide range of input interfaces, including HDMI, VGA, USB, AV, TV, and YPbPr, giving you the flexibility to connect to multiple devices. Thanks to its low power consumption of 200W and wide power supply range of 100~250V 50/60HZ, you can take it on any trip or use it in any environment.

Whether you're a professional or an amateur, the T9 Projector will give you the perfect experience for movie nights, video gaming, or presentations. The powerful and reliable T9 Projector will help you bring your content to the next level, with its native full HD resolution, high brightness, and 4K Smart Projector features.
