Product Description

Improve Your Projection with T5 Projector - Android 9.0 Long-lasting Lamp

Product Description:

The T5 Projector is a 1080P Home Theater Projector with incredible 4K LCD projection and true 1080P mini projector technology. It has a product size of 230X200X85mm, making it one of the most compact projectors on the market. This projector also has an incredibly low noise level of $\leq 32\text{dB}$, allowing you to watch movies and videos without any disturbance. The image size of this projector can be adjusted from 50-200 inches to fit any size room, and the projector also comes equipped with the latest Android 9.0 version for maximum performance. The lamp life of the T5 Projector is also incredibly long, with up to 30000 hours of use. This makes the T5 one of the most reliable and efficient 1080P Home Theater Projectors available on the market.
