Support and Services:

T5 Projector Technical Support and Service

At T5, we are committed to providing the best technical support and service for our projector products. Our technical support team can assist you with any questions you may have regarding our products. We provide remote technical support for all of our projector products.

We also offer an extended warranty for our projector products. The extended warranty provides additional protection against defects in materials and workmanship that are not covered by the original manufacturer's warranty. Our extended warranty covers parts and labor costs for up to three years after purchase.

If you experience any issues with your T5 projector, please contact our technical support team via email or phone for assistance. Our technical support team is available 24/7 to help you troubleshoot any issues you may experience.

Packing and Shipping:

The T5 Projector will be shipped in a secure, padded box to ensure safe delivery. The box will include a foam insert to protect the projector and all its components from any external shocks or damage while in transit. The box will also include instructions for installing and using the projector.

The package will be shipped via a reliable courier service to ensure that it is delivered safely and on time. It will be insured to guarantee that the customer receives their projector in perfect condition.

For international orders, the customs documents will be filled out with the exact contents of the package and the declared value. All duties and taxes will be paid by the customer.
